Dear Our Clients, Partners and Potential Customers,

DECLARATION FOR PASSING OFF COMPANY

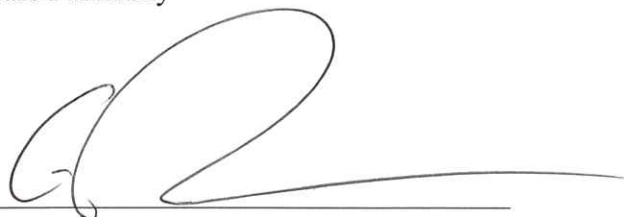

Please be informed that we, Engineering Surveys Limited (ESL), have become aware that a recently formed company, registered with a similar name, have been passing themselves off as ourselves via marketing material including a flyer which incorrectly claims that this company has carried out projects and has experience which is in fact simply a copy of our own work and project material and which includes images of ESL reports and deliverables passed off as their own.

We have issued a legal letter demanding that this activity stops and further actions may be taken into account.

We are now writing and inform you to be aware of this entity and to check very carefully any experience and history they may claim to have. Please feel free to contact the undersigned (gferrier@engsurveys.com.hk) or Fancy Wong (fancywong@engsurveys.com.hk) should you wish to verify the accuracy of any such marketing material received.

For clarity this, the company was set up by some ex-employees of Engineering Surveys Limited, have absolutely no relationship with ourselves nor any right to pass off our work as their own.

Yours Faithfully

Gordon Ferrier
